KNOW the TRUTH and the TRUTH shall make you FREE

The most important thing for all of us to always remember is that the salvation of our Country depends upon getting the TRUTH of the GREAT CONSPIRACY to ALL of the American people. When — and if — that will be accomplished our nation will again be FREE — and SAFE. Our Press won't do it — you know why — so it is up to YOU and me to do it.

In our preceding NEWS-BULLETIN, "UN IS SPAWN OF THE ILLUMINATI," I fully established that that Satanic outfit, created by Adam Weishaupt in the middle of the 18th century, and financed by the Rothschilds, organized to achieve One-World domination, has ever since then continued to function throughout the world under various aliases and disguises — and I fully established that the "COUNCIL ON FOREIGN RELATIONS" (CFR) is, in fact, the "ILLUMINATI" in the United States. It is also well to know that the CFR has many additional sub-agencies to carry out their chief objectives, among them the "*Anti-Defamation League*," the NAACP (*directed and controlled by ADL White officials*), the various other Negro organizations, plus other organizations under various names — also "*The National Council of Churches*."

In this issue I will reveal the names of the men who compose the real hierarchy of the Great Conspiracy (CFR), most of whom are the descendants of the original ILLUMINATI, plus renegade White American (*so-called*) Christians.

But, first of all, it is important to reveal the birth of the CFR, how it came about, and who were the original architects.

THE BIRTH OF THE CFR.

As I have previously stated on many occasions, the original plans for the CFR were originated by Col. E. Mandel House, Jacob H. Schiff's chief errand boy, and chief advisor of Woodrow Wilson from the day that Schiff chose Wilson to be the President of the United States. It was House who "*sold*" Wilson the idea of the CFR after Wilson's failure in his attempts to set up a One-World Government after the World-One "*League of Nations*" was created.

It has always been commonly known that House's (*thus Schiff and the Rothschilds*) power over Wilson was virtually complete. It was House who selected the majority of Wilson's Cabinet and virtually all of his other major appointees — and it was Wilson (*actually Schiff*) who was responsible for Wilson's domestic and foreign policies. By 1916 House was, to all intents and purposes, running the State Department from his office in the White House.

House, in addition to being Schiff's "*boy*," had other impressive connections with International Bankers in New York. Among these were the Warburgs, Paul and Felix, who came to the U.S. at the

behest of the Rothschilds; Henry Morgenthau, another Rothschild stooge, who became Secretary of the Treasury under FDR; Herbert Lehman, and various other ILLUMINISTS in the U.S.

In addition, this crafty advisor of President Wilson, was associated (*and the tool of*) with powerful International Bankers and influential politicians in European capitals — all pledged ILLUMINISTS. All were pooled to strengthen House's stranglehold on Wilson — and that combination caused him (Wilson) to repudiate his second-term campaign pledge to keep the U.S. out of World-War One.

In Wilson's decision to ask Congress to declare War on Germany, the Internationalist Conspirators scored again. It forced the U.S. to finance the war "*to make the world safe for democracy,*" and the Conspirators, particularly the Rothschilds, won huge new fortunes at the expense of several hundred thousand American lives. Our next "*Liberal-Humanitarian*" Democrat President, Franklin Roosevelt, perpetrated the same horrifying crime by hurling us into World War Two — *he did it by enticing the Japanese to attack Pearl Harbor* — thus providing the "*excuse*" for a declaration of War against Japan and Germany.

The entire concept of One-World Government was revealed and outlined in a book House wrote, undoubtedly inspired by the Masterminds of the GREAT CONSPIRACY. He called his book "PHILIP DRU" — a fictitious character who (*in his book*) became the Ruler of the World. In it, he expounded the belief that a "*Federation of Nations*" would avoid future wars and result in everlasting Peace . . . *the very bait that deluded the American people to welcome the "United Nations!"*

In view of all the subsequent developments since the UN came into existence, the purpose House outlined in his book has become recognized as a complete deception. His (*and the Conspirators'*) real and underlying objective was to create a vehicle on which his International Bankers (*masters*) would ride to further power and private profits to them through World-Wide control.

When our Senate refused to ratify the "*League of Nations,*" House and his Masters — and their "*friends*" in our State Department and in London and Paris organized a Group, *ostensibly,* to "*study*" foreign relations and world conditions. It was in this way that House and his Masters ignored the wishes of the people, expressed through their elected representatives, and were responsible for setting up the CFR, *a clandestine international force* outside our government structure — *to further the objectives of the ILLUMINATI!*

AMERICAN LEGION WARNING IN 1956

In order to PROVE all of the foregoing, I will digress for a moment by inserting a speech by Carleton A. Barrett, Chairman of the Foreign Relations Committee of the Pennsylvania Department of the American Legion, delivered at the Dallas meeting of the "*Congress of Freedom*" in 1956. He stated:

"During the last 37 years, the American people have been confronted with a situation in world affairs that has repeatedly caused them to expend money and end up with a world economic situation much worse than before. During those years the United States has fought three terrible wars and seems faced with another — greater in scope than any war in history.

"If the international economic situation had been properly settled in the best interests of all people after each of those previous wars when the United States, in each case, was the most powerful nation in the world and well able to enforce a fair and equitable settlement, the threat of a new war would have been eliminated.

"That was not done, however, and after each war the carrying out of the peace was placed in the hands of a few individuals, leaders of great International Banking Houses and International Trade Groups who, because they and their associates controlled the greater part of world trade, were primarily interested in maintaining that control without consideration for the peaceful, economic progress of the world.

"As a result of placing the control of the United States foreign policies in the hands of such men, in time of peace, the United States, after each world war, lost every advantage our young men and women fought and died for and for which many of our youth are now in veterans hospitals and for which many widows and orphans are living without husband or father.

"The small group of International Banking Houses who control world trade through the Sterling Bloc are the Rothschilds, J. P. Morgan and Company, Brown Brothers, Harriman & Co., Kuhn,Loeb Company, Dillon Reed & Co., Lehman Brothers, the Rockefellers and all of that ilk. They operate on an international scale and between them, by one means or another, control over 80% of the industries, Banking institutions, Public Utilities, Transportation systems and Mass Communications Media of the United States and 85% of the same enterprises in the rest of the world outside of the Communist countries."

WHAT A PITY THE AMERICAN LEGION AND THE VFW

DID NOT CONTINUE TO THUS ALERT THE AMERICAN PEOPLE — AND THE WORLD! ! !

CFR BACKED BY TAX-FREE FOUNDATIONS

From the outset the CFR showed rapid growth and was incorporated in 1921. And right from its outset it received financial support and cooperation from the nation's great tax-exempt Foundations. These modern Liberal institutions represent one of the world's largest reservoirs of private capital. The Rockefeller family led off in the support of the CFR and was quickly followed by the Carnegie and Ford Foundations . . . these Big Three and the smaller Funds under the CFR control continue to be the source of most of the CFR's large annual "tax-free" income.

Repeated attempts in Congress to investigate the Foundations have proved unsuccessful — *because of CFR opposition! It is highly interesting to note that the "tax-free" Foundation Law was put on the law books in 1913 simultaneously with the graduated income-tax laws, and the Rockefeller wealth was (probably) the first to take advantage of both measures.*

The CFR hit its greatest strides in 1945 when a large contingent of its topside members were the prime movers in writing the UN Charter and organizing the UN. Of the "*delegates*" present at the historic meeting in San Francisco more than 40 were members of the CFR. The birth of the UN was hailed by the Conspirators as an event of earth-shaking importance in their so-called quest for world PEACE. Among the chief architects of the Charter were traitor Alger Hiss, who served as secretary-general of the Conference; John Foster Dulles, subsequently Secretary of State under Eisenhower; Nelson Rockefeller; Leo Pasvolsky, a Russian, but at the time an aide in the U.S. State Department and Harold Stassen, perennial errand boy for the CFR.

It was not known, or revealed, at the time of the UN conference, that other invisible (CFR) influences were brought to bear in rigging the Charter. In addition to Hiss, they were Harry Dexter White (Weiss), the No. 2 official in the U.S. Treasury Department, later revealed to be a Russian spy; Lauchlin Currie, still another Moscow conspirator, to whom the others looked for guidance.

Nelson Rockefeller, one of the CFR's "*big wheels*," was in the State Department at that time, by appointment of President Tru-

man. The Rockefeller family, as a token of its interest and support of the UN, donated the ground in New York on which the UN building is located — *but it was NOT out of beneficence for mankind — it was for the beginning of World Control!*

From this outline of history, it is obvious that CFR is the heartbeat and provides the inspiration and motive power necessary to maintain the ILLUMINATI in the United States. Emerging from this bit of history also are two of the CFR's "Sacred Cows," to wit: No. 1) One-World Government under the UN — No. 2) Increased Trade with the Enemy. In such trade, the U.S. Government must guarantee the Enemy's credit to encourage American business men who otherwise would not be enticed into it. Trading with the Enemy could show a profit to Americans and their International Bankers. Eventually, however, the U.S. (*the taxpayers*) would have to pick up the tab. Thus, trading with the Enemy will strengthen the Communists and destroy the U.S. economy — *which it has already done to a large degree!*

Thus, for a Republican or even a so-called conservative Democrat to criticize One-World Government or the UN is to commit a cardinal sin of major proportions. Such a citizen is immediately *branded* by the CFR stooges and controlled Mass Communications as a *right wing Extremist* and made an easy target for a smear attack in the controlled Press.

The CFR's tremendous influence with the nation's news-media recommends it strongly to the foremost "*Liberals*" in both the Democrats and Republicans, and particularly to the army of office-holders in all branches of government. A research of this gigantic Communications complex explains why: Scores of the publishers of the largest daily newspapers in all centers of population density, and the weeklies (*magazines*) either are members of CFR, or work in harmony with it on all political issues. This is equally true of the owners and chief executives of all the national Radio and TV Channels and thousands of their city, town and State outlets in all parts of the country. The CFR and its subsidiaries also have very close ties with the two largest wire services: the Associated Press and United Press International with their *world-wide* coverage. Its daily dividend-paying contracts with the foreign newspapers and magazine correspondents who make their headquarters in Washington also "*play ball*" with the CFR. *Many* of these Liberal correspondents are known to be Fabian Socialists.

In addition, the CFR literally controls all members, *or at least most*, of the White House Correspondents Corps. In this phony—sophisticated group Leftist Democrats outnumber Republican news-

papermen 4 to 1. This same ratio exists among syndicated columnists whose opinions and policy pronouncements are published in virtually all metropolitan newspapers. Most of the male and female columnists of today absorbed their "*Liberal*" politics under Presidents Roosevelt, Truman, Eisenhower, Kennedy and Johnson — or in Leftist University schools of journalism. Most of them are former College professors who follow the "*Liberal*," or *outright Communist* line, and invariably give aid and comfort to the policies and programs initiated by the "*New Deal*," the "*New Frontier*," and the "*Great Society*." This huge (*thousands*) army of personally-biased news and public relations "*experts*," who perform as stooges of the *Liberal Establishment machine*, is augmented and supported by more than 3,000 government press agents. All these trained stooges are stationed in lush jobs in the White House, in all Cabinet-rank departments and also in all of the independent Agencies in the entire Federal Kingdom. Some of the highest-priced, each with a fancy title, surround the President — others "*work*" in the State Department, the Pentagon, the Treasury Department and other Federal Agencies. The White House agents funnel their "*news*" for public dissemination through the President's press secretary and his assistants, or directly into the hands of "*trusted*" news reporters and correspondents. With the majority of the Federal-controlled (*and CFR controlled*) news stooges, however, it is the around-the-clock job of this corps to keep the "*managed news*" pipelines filled with releases favorable to the Administration (*and the UN and CFR*). This they accomplish through the big and small news-wire distributors, news and magazine reporters, columnists and correspondents. To an experienced journalist this kind of "*copy*" is commonly known as "*government handouts*." Unfortunately, the *neutral* journalists in Washington are too lazy to check these "*handouts*," or dig for the real facts. As a result, all the propaganda is passed along to the press, to Radio and TV as *dependable, fresh news* — and thus brainwashes all of the American people. *All of the truth of what is going on in Viet Nam is handled just that way — we don't know how many of our sons are killed in that UNDECLARED war — and we will never know!*

THEY (CFR) CREATE THE "PUBLIC IMAGES."

The CFR's capability to create "*Public Images*" and mould public opinion favorable to their objectives is unequalled throughout the world, except in Communist-dictator nations. Like the international

money manipulators — *and as a part thereof* — this evil cabal, when operating as a unit and through their Fronts and subsidiaries, has the power to build or destroy at will the American way of life — *unless the American people become fully awakened and FORCE Congress to make a full and open-to-the-public investigation.*

The secret of the incredible power of the CFR lies in the positions and great wealth of its officers and members. And, of course, it also lies in the dozens of subsidiary and interlocking organizations under its control of wealth as is clearly obvious in the major public corporations ruled and/or controlled by the men who are members or are taking their direction from members. As evidence, the CFR's membership rolls contain the names of the Presidents and of practically all of the nation's chief leaders in U. S. business and industry. This is especially true of corporations having plants and important financial connections in Europe and other foreign nations. To them, it is natural that U.S. foreign policy is of utmost importance.

Also, bear in mind that at least four Presidents of the U.S., and virtually all the heads of Federal Agencies were, or are, members of CFR! ! !

Politically, the CFR works quietly back stage either through its stooges in the Federal government, or its controlled Mass Communications Media, or through its heavily loaded galaxy of subsidiaries, always eager to do their masters' bidding in formulating policies in the Executive and Legislative departments — *and the doors of the White House are always open to such CFR stooges.*

In Presidential campaigns the CFR, per se, remains *outwardly* aloof. As a matter of fact, the CFR is not too greatly concerned as between Republican and Democratic candidates — both men had been carefully screened and properly briefed well in advance of Party Conventions . . . But if either of the leading Presidential aspirants shows any signs that he cannot be relied upon to support the sacrosanct objectives of the CFR he is quickly tried "*in absentia*" and immediately the CFR's full fury and power is put into play and the victim is marked for political "*execution.*" That's what happened to Nixon, who hesitantly voiced objection to the orders given him — and the same thing happened to Goldwater.

At this point, I find it pertinent to once again quote a statement made by the previously quoted Carlton A. Barrett. In his book, "THE STORY BEHIND OUR FOREIGN RELATIONS," Mr. Barrett sketched the "*Road Ahead,*" as follows; it reveals why the

so-called apathy of our people is directly responsible for our present (*and past*) unhappy and gravely dangerous state; He stated:

"The continued rise and fall of one empire after another, has been the result of men struggling for individual freedom and after accomplishing their objective, relinquishing that individual freedom to a central government through laziness and the failure of succeeding generations to accept their individual obligations in the community, state and nation; and in this way allowed the central government to acquire far beyond the original intent of the people. In this way, small groups vested with great wealth have been able to secure control of these central governments and direct their actions for the benefit of the few at the expense of the masses."

Today we are fighting to save a great and very precious form of government. We are faced with two influences that can destroy it: Imperial Capitalism and Communism. *We have reached the cross roads!*

As far back as 1922, the then Mayor of New York, John F. Hylan, stated at a meeting in Chicago: "*The real menace to our Republic is the invisible government which, like a giant octopus, sprawls its slimy length over our cities, states and nation. At the head is a small group of Banking Houses generally referred to as 'International Bankers.' This little coterie of powerful international Bankers virtually run our government for their own selfish ends.*"

In that speech, he named some of the most prominent members of the International Bankers, including Bernard Baruch, now dead. He included Sidney J. Weinberg, 67, who now occupies that dead "*oracle's*" seat. Weinberg is a senior partner in Goldman-Sacks and Co., one of our nation's top ten Banking Houses; Lewis L. Strauss, former head of Kuhn, Loeb & Co.; Herbert Lehman (*now dead*) of Lehman Brothers; Benjamin J. Bottenweiser, of Kuhn, Loeb & Co., Alexander Sacks, Weinberg's partner; John J. McCloy, (Rockefeller's) head of the Chase National Bank; John M. Schiff, Jacob Schiff's grandson; Eugene Black, (Frontman) President, International Bank; Averill Harriman; the Warburgs, etc., etc., *all CFR members!*

It is highly significant that this same type of control exists in all "*Banker*" nations. In the U.S. 200 families control two thirds of all property and they are dominated by a small group of International Banker families (CFR). In England, one-half of that island's property is in the hands of 12 families, all of whom are domi-

nated by the Rothschild-Sassoon, Montifiores, Seiffs, etc. In France, half the property is in the hands of 20 families, dominated by Banker families — *and ALL are dominated by the Rothschilds.*

It is even more important to understand that the Governments of all of the "Banker Nations" are themselves heavily indebted to — and therefore dominated by — the International Bankers!

And it is still more important to understand that the desired objective of the Bankers is Socialism, *whereby the Government owns everything and the International Bankers OWN THE GOVERNMENT!*

THE BAC

In various of our "News-Bulletins," particularly No. 110, titled "Our Invisible Government Made Visible," I stated that the CFR is our "Invisible Government." That is true, but it is not the whole story. Within the CFR there is still another Cabal known as BAC, or the "Business Advisory Council." This BAC is the *absolute* hierarchy of the CFR, and it is composed of approximately 160 members — it is THE Exclusive Club within the exclusive CFR — and *they* are the Masterminds of the CFR. In short, while the CFR runs our government through its control of all "*permanent and politically unattached*" bureaucrats, cabinet and Agency and authority heads and other "*appointed*" officials who do not have to answer to voters or political Parties, but only to CFR and its companion department known as "1313," the CFR, in turn, must "*answer*" to BAC. In other words, BAC is the hierarchy which runs the CFR, while CFR runs our government. And its members (*among 160 men*) are:

Sidney J. Weinberg, heir to Bernard Baruch's position as advisor to Presidents, et al. He is the original organizer of BAC and is its Dictator. Weinberg, as I have previously stated, is head of the New York (*Internationalist*) Investment House of Goldman, Sacks and Company. The other top men in BAC are Ralph Cordiner of General Electric; Joseph B. Hall, of the Kroger Co.; L. F. McCollum of Continental Oil Co.; Wm. M. Allen, of Boeing Airplane Co.; S. D. Bechtel, of Bechtel Corp.; Harold Boeschenstein, of the Owens-Corning Fiberglass Corp.; Gen. Lucius D. Clay, of Continental Can Co.; Elisha Gray II, of Whirlpool-Seeger Corp.; Grawford Greenwald, of Du Pont; Eugene Holman of Standard Oil (N.J.); Chas. G. Mortimer, of General Foods Corp.; T. S. Peterson of

(Calif.) Standard Oil; Juan T. Trippe, of Pan-American World Airways; Henry Ford II; Charles Percy, of Bell and Howard; W. Averill Harriman; Wm. L. Batt; W. L. Clayton; William McChesney Martin, *of the Federal Reserve Board*. There are many others, but the above listed, together with the Rockefellers, are the BIG WHEELS. And if we dig far enough, we will find that, just as Douglas Dillon's true name is Lapowski, their true names will reveal them to be descendants of the original ILLUMINATI founders.

In all, there are 160 members in this Hierarchy, who are described as the "*most powerful business in America*." This Cabal has a semi-official status in that it is accredited to the Commerce Department and is even given office and secret-file hiding space by the Commerce Department. This protects it from any ordinary Congressional investigating, through the highly abused claim of the "*constitutional principle of the separation of powers*." Meaning, that BAC "*works*" with the Commerce Department, and (*supposedly*) the Legislative branch of government has no authority to come "*snooping*" into the top secret activities of the Executive branch of government. *But all that can easily be swept aside by a complete Congressional investigation of CFR!*

To further "*legalize and protect*" BAC's activities and its members, when the group decides to accept a new member, that new member must be appointed to membership *by the Secretary of the Department of Commerce* . . . obviously, the Commerce Secretary must always be a member of BAC.

Now, does that prove to you the "Life or Death" need of a nation-wide ALERT to all of the American people to demand — and keep demanding — a thorough house-cleaning in Washington? And REMEMBER — we won't get such an ALERT from ANY of our Mass Communications Media — we can only get it by alerting the people in all our Communities to bring constant pressures on their representatives in both Houses of Congress — and on our State Legislatures. This country is your country — it is up to you to preserve it for your children! !

THE FOREIGN AID FIASCO

As it is commonly known, the "*graduated Income Tax*" scheme was an integral feature in the Karl Marx "*Communist Manifesto*" and his "*Das Kapital*." The idea behind it was to impoverish the

American people and thus force Communism upon us. And, as I previously stated, all of the Karl Marx writings were derived from the original ILLUMINATI texts. Therefore, it should not surprise the reader to realize that this very same plot is an integral feature in the CFR program.

However, the mere "*Income Tax*" scheme proved to be a very slow process toward that impoverishment scheme. The Conspirators had to figure out new ways to hasten it . . . "*Foreign Aid*" was one of the schemes they seized upon — *it was started with the "Marshall Plan."*

For the past twenty years "*Foreign Aid*" has been the favorite "*humanitarian*" idea in the minds and plans of the top officials in our government in Washington . . . it also has been a long standing key policy of the CFR —and has been enthusiastically supported by all of the nation's largest Corporations and *Tax-Free Foundations*.

By those in Washington who "*know the score,*" this dedication to "*Foreign Aid*" by the above named is because our "*Leaders,*" *meaning the Administration,* are using the vast amounts of money involved in "*Foreign Aid*" to condition Socialist, Communist and the unaligned countries to join the CFR's program for One-World Government.

Under the last four Presidents' policies, "*Foreign Aid*" Billions are distributed by the trainload. They are handed out to Socialist, Communist and Communist-leaning nations, as well as to so-called Free nations in Europe, Africa, South America and Asia. One outraged American Ambassador stated that *directives from the State Department* have always favored a nation's Socialist planners over the Conservatives, when and if there is, or was, such a choice — *he quit in disgust!*

At the same time, others who know the real score, bluntly charge that the American government's "*no-win*" policy is definitely employed to keep clear of all obstacles in the path of CFR's cherished long-range plan — and *that* plan is to create in the 1970s its own blue-printed self-styled Utopia for all the world, *including The American people,* under control of the "*United Nations.*"

The supposed (*so announced*) purpose of our "*Foreign Aid*" is to prevent the growth of the Communist Conspiracy of World Conquest. After 20 years of costly (*hundreds of Billions*) trial, this "*promised purpose*" has proven to be a complete bust! For evidence, just look at the numbers of once-free nations that have been en-

slaved by Communism since that "Foreign Aid" plan (*scheme is the proper word*) was launched, taking along with them almost half of the World's population.

The reason for that is not difficult to see. The so-called Liberals' modus operandi was based on two obvious fallacies — *fallacies that they knew in advance*, but which were employed to bemuse our people, *and deliberately so*: The first fallacy (?) is that Communism develops and flourishes most effectively in impoverished and backward nations in which illiteracy is commonplace. But, actually, the reverse is the truth — Communism spreads quickest (*by design*) among the highly educated and intellectual classes and races. This is the proven fact in most parts of the world — *conspicuously so in the United States!*

The Liberals' second (*deliberate*) error is that mostly our "Foreign Aid" funds are disbursed through foreign government channels and was rarely used to meet the real needs of the people. But, even more important, where such funds were used to actually bolster industry in those foreign lands, it gave such nations a competitive advantage over the U.S. in the world's markets.

Conversely, the Communists never made any such "*blunders*" in judgement. Their efforts always were directed to winning the minds of high school and college students, thru UNESCO and their educational and religious instructors here in the U.S., and in all other places throughout the world. Once this is accomplished, these converts provide the channels for Communist propaganda, infiltration and subversion. *Our own American Youth, white and black, serve as a perfect example.* All of our student riots and negro demonstrations have been erupting and creating trouble spots and violence directly in accordance with Communist timing.

During the past several years, J. Edgar Hoover, Director of the FBI, has been trying to alert the American people that Communists (*and the CFR*) were concentrating on the subversion of Youth organizations within the U.S. He urged all citizens to be on guard. He stressed his warning in his 1965 annual report which he released for publication to Universal Press International; as follows:

"J. Edgar Hoover, Director of the Federal Bureau of Investigation said yesterday that Communists had played a role in recent student criticisms of U.S. policies in Viet Nam and the Dominican Republic, as well as in all RACIAL demonstrations . . . Hoover made the statement in a report to Atty. Gen. Nicholas Katzenbach on the FBI's activities during the fiscal year which ended June 30. Katzenbach released information from the report yesterday.

"Members of the Communist Party, USA, and their supporters continued to constitute a major disruptive influence on the national scene during fiscal 1965," Hoover said.

"Concentrating particularly on Youth, Communists launched widespread propaganda campaigns designed to enlist support for a determined and vicious attack on American foreign policies and to foment confusion and create disorder in regard to the nation's efforts to resolve the racial situation."

Anyway, good or bad, the "*Foreign Aid*" program went completely haywire with the end of the "*Marshall Plan*," at which time it should have been completely discontinued. And, most assuredly, *it should be brought to a complete halt right now*, when American money and supplies are going to Communist nations while Communists are killing, or aiding the killing of American boys in North and South Viet Nam.

To leave nothing to imagination, and ironically, while it is all hushed up in Washington, Castro draws his U.S. aid regularly through American cash provided by the United States as a member of the UN. This Cuban gangster also was given more than Fifty Million dollars in medical and other supplies — this latter deal was arranged by former U.S. Attorney General Booby Kennedy, who blackjacked this "*gift*" from U.S. industrialists as a "*ransom*" for Cubans taken prisoner in brother "*Saint*" Jack's "*no-win*" invasion of Cuba at the Bay of Pigs.

As I have previously stated, the "*Foreign Aid*" gimmick was launched as "*The Marshall Plan*" during the Truman Administration in 1945. That "*give-away*" of tax-payers money was, so it was declared, to assist impoverished European nations to rebuild industries and restore their economies devastated during World War Two. At the time, it sounded like a worthy "*humanitarian*" charity, and cost American tax-payers more than 14 Billion dollars.

But from that "*picaunish*" beginning, our stupid and disloyal Congress, led by Truman, Eisenhower, Kennedy and Johnson, continued, *and expanded*, this "*gravy train*" to about 100 nations on four continents. On its payroll in Washington and elsewhere there are nearly 72,000 persons who participate in just this one government program. I am sure it will shock all Americans to learn that of the nearly 13 Billions now budgeted each year for interest on the national debt, nearly 4 Billions is *interest* on money *borrowed* for the "*Foreign Aid*" giveaway to nations, *many of them Communist*, across the seas.

According to our "*Leaders*" in Washington, some of this money

is "loaned" (*never to be repaid*) to some of those nations, who are "charged" an interest of 1/2% to 2%, whereas our "humanitarian" government has to pay 5% to the citizens and *International Bankers* from whom they borrow that money — *and the taxpayers do the paying!!!*

Amazingly, the above are the actual facts! Unfortunately, the American people, or, at most, very few, realize that you, the taxpayers, put up the money in this vicious sucker game. But it is easily ascertainable for those who will take the trouble to do some investigating — certainly every member of Congress knows all this — *or should know it!*

There is still another strange and cock-eyed "*shell-game*" in the handling of the American's hard-earned tax money to foreign nations: This is the Administration's constant demands on Congress to provide more and more aid appropriation at a time when the "Aid" funds are bulging with unspent moneys. Let's take a "*look-see*" at Johnson's demands for the fiscal year 1966: They amount to more than Three Billion dollars and right at this time this government pipeline holds more than Ten Billions in *unexpended* funds. In short, if Congress made no appropriations at all for 1966, 1967 and 1968, "*Foreign Aid*" could be continued for these three years without any more calls on our (the taxpayers) pocket books.

The above statements and figures were provided by General Bonner Fellers, whose integrity is beyond question. In addition, Fellers' statements were backed up recently by Congressman Otto E. Passman, Chairman of the U.S. Foreign Operations Sub-Committee on Appropriations. Passman has been a close student of Foreign Aid "*giveaways*" for many years and is known for his (*outraged*) opposition to the monstrous waste and brazen wire-pulling present in our "*Foreign Aid*" Program — naturally, as a result of his efforts to eliminate (*or even reduce*) those evils he is in Johnson's doghouse, even though he is a Democrat. Passman probably knows more about "*Foreign Aid*" than any other one (*if not of all*) official in the nation. In a special news release in late 1965, he said the following:

"There are now 22 Federal Agencies dispensing some type of Foreign Aid, and the total for 1966 doubtless will exceed SEVEN BILLION DOLLARS. This does NOT include interest our government is paying on the money it has borrowed to give away which is now in excess of THREE AND ONE-HALF BILLION DOLLARS ANNUALLY . . . 'AID's system of obligating, deobligating and reobligating, and funding projects in excess of the cost of to complete, makes it impossible for even the most dedicated Member of Congress to determine what part of the unliquidated funds are firmly committed. AID's

final figures shows that there will be unliquidated funds, old and new, to be committed or disbursed during 1965 of 11 BILLION, 27 MILLION DOLLARS . . . For your information, our government will be disbursing some type of "Foreign Aid" during Fiscal 1965 in 99 foreign nations and 9 territories. I contend that this Program, in its present form, is uncontrolled and apparently uncontrollable . . . There are 71,416 individuals, including participants, on its payrolls. It has reached such proportions that even the confusers themselves are confused. No program in the history of mankind has had as many paid Lobbyists as the Foreign Aid program. It would take many pages, if not a book, to list the names of all individuals who are lobbying for or are participants of the program . . . The Foreign Aid program is not in reality a Presidential program, although it is submitted to Congress in his name. It is a bureaucratic program. The President has too much to do to be able to familiarize himself with the many ramifications, misrepresentations and claims of accomplishment by the paid bureaucrats, Government Lobbyists, spenders and recipients . . . Therefore, I cannot, with good conscience, remain silent. I must do everything possible to continue exposing the weakness of the program and the unsubstantiated claims for good made by the spenders and disbursers of America's wealth."

Congressman Passman, in his press release, did not identify the Lobbyists who continuously infested his office, but it is commonly known that representatives of International Banks *who own the Federal Reserve* are among his unwelcome guests.

They, (*and the CFR*) in particular, have a vital interest in Foreign Aid. To them, the bigger the program the better it serves them. If, by any chance, the U.S. is short of cash (*sure to be in these days*), the Bankers will be most happy to tide us over with loans, *money created by our own government's printing press*, by printing some more Federal Reserve Notes, and thus enable the government to pay for its interest-bearing bonds.

There is still another pot-sweetener in this "*shell-game*:" the banks, for whom these Lobbyists work, receive "*fees*" for acting as "*transfer-agents*" in all Foreign Aid transactions abroad. Let's assume that such "*fees*" are only 1/10 of one per cent, those "*fees*" on 120 Billion dollars during the past 20 years amounted to One Billion, Two Hundred Million Dollars — not what one would call piddling pocket money, eh what?

As of the present, there is approximately 320 Billion dollars in interest-bearing bonds outstanding in our Government debt. Of this, the Commercial Banks hold approximately 65 Billion; Federal Reserve Banks, about 37 Billion; U.S. Government investment accounts, which includes Social Security Funds, etc., 60 Billion; the

balance is held by private non-bank investors — over 160 Billion dollars. Concealed in the above figures are the “gimmicks” used to give the brainwashed people excise tax and income tax cuts, but to be made up by increased (*contemplated*) withholding taxes for the U.S. Government investment accounts. As quickly as this money is paid in by the taxpayers, it is replaced by interest-bearing government bonds — and the actual money is spent. This is the “*shell-game*” management by the fiscal planners to buy votes and further flim-flam the people into believing that they are “*getting something for nothing.*”

WE MUST RETURN TO FISCAL SANITY!

Many of our foremost and most reputable Economists look upon our so-called Foreign Aid and tax-cutting sleight-of-hand games with grave concern. They stress that both, particularly the “*Foreign Aid*” game, are a frightful “*mistake*” affecting our entire future. They earnestly urge that it be shut-off immediately, before the U.S., with its other enormous commitments, is forced into total bankruptcy, and, in turn, forced into a complete surrender to Socialism — *and One Worldism!*

These Economy experts further stress that if any part of the “*Foreign Aid*” program is to be retained it should be limited to military assistance to *friendly* Free Nations — *and only to such nations!* Such a policy, they contend, would enable our *real* Allies to present an even stronger Front against our common enemies. Only such a return to fiscal sanity must be given complete priority if our nation is to escape economic ruin and geo-political breakdown in the not too distant future.

Today, more than ever before, the American people, *and our Congress*, must awaken and pierce through the sham of the present “*Foreign Aid*” program. Its policies and costs aspects provide many reasons why this “*shell game,*” so strongly recommended by the CFR, must be brought to an end.

Number One: We no longer can afford it — actually, we never could have afforded it. Even now, as a result of it, we, *all of us*, are struggling desperately for survival in a sea of ever-increasing debt . . . 2) Our huge “*Foreign Aid*” expenditures abroad have brought about a frightening flight of our Gold reserve to foreign creditor nations, *who never repaid our War loans to them!* Despite all of the “*managed news*” press agency released by Washington,

they are unable to conceal the truth about our balance-of-payments crisis — because the FACTS show the U.S. gold supply is at the lowest level since 1938 . . . 3) Further giveaways of "Foreign Aid" money, particularly when it is borrowed and added to our ever-increasing National Debt, plays right into the hands of our Communist Enemy — *and that is what the CFR wants!!!* Forty years ago, Lenin, oracle of the Russian Communists and protege of the Rothschilds and Jacob H. Schiff, stated:

"First we will take Eastern Europe — next the masses of Asia — then we shall encircle the last bastion of Capitalism, the United States of America. We shall not have to attack — it will fall like over ripe fruit into our hands."

AND SO FAR ALL OF HIS PREDICTIONS HAVE COME TRUE!!

The one thing that all of the American people should realize is that all of the chaos and confusion now rampant throughout the nation is not a mere happenstance. All of it was carefully planned and carried out by the CFR, and BAC. It is also well to realize that every Federal Agency in our Government, including the White House, is heavily laden with CFR members or their stooges; every new "Law" is prepared by the Masterminds of CFR and then passed on to their stooges to submit them to Congress and FORCED passage of same. If all this is not stopped by the American people, it is only a matter of time — a very short time — when we will have no USA.

As I stated in our previous "News-Bulletin," space in that issue did not permit me to give you the true names of many of the men in this modern ILLUMINATI gang who are descendants of the original ILLUMINATI Conspiracy. I shall provide some of them now.

The Schiff descendants were unable to change their names because Jacob H. Schiff's broken English prevented the change to an Americanized name. However, Douglas Dillon had no such handicap in changing his name from LAPOWSKI to Dillon — ditto his relations, all of whom are in the CFR — or in BAC.

A Revolutionist named Jacob Straus, a native of Bavaria and an ILLUMINIST, is the Great Grandfather of Oscar Straus — and of the entire Straus clan in the U.S. . . . Augustus Schoenberg, came to the U.S. as an agent of the Rothschilds and changed his name to August Belmont — many of his descendants are in the CFR and/or BAC . . . In 1840 David Seligman and his eight sons

came to the U.S. from Bavaria and set up the Seligman Banking House, with the aid of the Rothschilds . . . In 1847, Emanuel Lehman came to the U.S. from Bavaria — Herbert Lehman, one of the founders of CFR, is one of his descendants . . . In 1851, Samuel Rosenwald came to the U.S. from Germany — he was one of the ILLUMINATI's principal figures in the Red Revolution of 1848 and also a zealous Marxist — Julius Rosenwald was one of his descendants . . . Lazarus Straus, grandson of Jacob arrived here in 1852 — he married his cousin Sara Straus, and all of their descendants, some of whom acquired "American" names, are deep within the Great Conspiracy to destroy the sovereignty of our Country . . . Carl Schurz, a Marxist and ILLUMINIST, came here in 1852 -- he left many descendants, masquerading under assumed American names and all are active in the CFR . . .

It would require a book of many pages to list all of the ILLUMINATI conspirators (*and direct Rothschild agents*) who came to this country, changed their names, and picked up where their Grandfathers and Great Grandfathers left off — and are now active members of the CFR and BAC. But to give you a hint, the membership list of the CFR, in 1962, listed the following names. True, you will find them disguised under assumed names, but all of them are dedicated to the same objective — *enslave the American people in a One-World Empire!* Among those listed we find Frank Altschul (*Lehman family*); Otto H. Kahn; Paul M. Warburg; Winthrop Aldrich (*true name unknown*); The Dillons (LAPOWSKI); Arthur Altschul; Max Ascoli; Brooks Hays; Benjamin J. Buttenweiser; Harry F. Guggenheim (*a Seligman relative*); Herbert Lehman; Orin Lehman; Robert Lehman; Frank Lewisohn; David Lillienthal; John L. Loeb; Henry R. Luce; John Rockefeller; David Rockefeller; William Rosenwald; John M. Schiff, grandson of Jacob H. Schiff; Eustace Seligman; Eric M. Warburg; Frederick Warburg; James P. Warburg; H. Peter Stern; Donald P. Straus; Jack I. Straus; Oscar Straus; R. P. Straus; Ralph I. Straus; HUBERT HUMPHREY; EDWARD L. KATZENBACH; Robert Straus, Leland Stowe, etc., etc., etc.

Do I have to give you any more names to make you realize why it is a MUST for every loyal American to *demand* that Congress make an exhaustive investigation of the CFR, of BAC, of the ADL, and thus flush out all of their stooges in our Federal Government Agencies? *Any member of both Houses of Congress who will oppose such an investigation automatically will become "suspect" and should be subject to a "Recall" movement by his Constituents.*

A SECRET "REPORT" OF THE CFR

I will conclude with a secret REPORT issued by the CFR in a booklet published under the Council's imprint — *and intended only for its members*. It was published in 1946 and reads as follows:

"For the Council on Foreign Relations, the fortnight ending November 24, 1946, was in no way unique. Members assembled at Council headquarters in New York City to listen to distinguished guest speakers. Other members joined in group study of certain aspects of American foreign policy. Still others continued their review of the progress of Council research — and explored plans for an expanded publications program. Throughout the country affiliated Committees on Foreign Relations met with discussion leaders, many of whom were provided or suggested by the Council, and exchanged views on developments abroad.

"Work on other undertakings, some usual, some new, was also under way . . . Several members were writing books for eventual publication under the Council imprint; and in the Library, staff members were attending to the many requests for information which were flowing in from individuals and organizations throughout the world . . .

"There were two general meetings. Right Hon. Ernest Bevin, the British Foreign Secretary, described to members the position of the Labor Government on certain current issues. Right Hon. Sir John Anderson, who was in charge of scientific research for the British Government during World War II, gave another group his views on the future control of Atomic Energy.

"The discussion and study groups were beginning their activities for the season. The group on United States relations with Russia tried to interpret current Soviet foreign policy — the one on industrialization in Latin America sought answers — the group on the problem of Germany considered how the population might be adequately fed. Members of the group on National power and Foreign Policy estimated how . . .

"Away from New York City, at meetings of Committees on Foreign Relations in widely separated cities, a similarly free exchange of private views was taking place on a variety of subjects. Professor Harold H. Fisher, Chairman of the Hoover Library at Stanford University, led a discussion on the price of peace with Russia at meetings of the Committees in Detroit, Omaha, Denver and Salt Lake City. In Nashville and Birmingham, Francis H. Russell, Director of the Office of Public Affairs, Department of State, described the part which public opinion plays in decisions affecting American foreign policy. In Providence, Sir Frederick Puckle, Advisor on Indian Affairs to the British Ambassador in Washington, talked on issues likely to

arise in a free and independent India. In Cleveland, Hon. Alexander Loudon, Netherland's Ambassador to the United States, outlined the postwar position in relation to its Indonesian Empire. In Los Angeles, Dr. Karl Brandt, of the Food Research Institute, Stanford University, reported on agricultural requirements in Central Europe. In Louisville, Professor James K. Pollock, of the University of Michigan, summarized the achievements and shortcomings of occupation of the American zone in Germany. In Seattle, Professor George E. Taylor, of the University of Washington, specified the political requirements for peace in China."

This partial catalogue of a fortnight's activity acquires significance when considered in relation to the development of the Council program over the past quarter century. The program had its beginnings, in fact, more than twenty-five years earlier. The names then were not Truman, Attlee, Stalin — they were Wilson, Lloyd George, Clemenceau.

. . . And fourteen years later to the day after the above was written — the names changed again: Kennedy, McMillan, Krushchev.

And today the names have changed again to Johnson, Wilson, Breshnev.

And the "*Council on Foreign Relations*" (CFR) also has changed. Now it is bigger, busier, vastly more powerful. Out of its headquarters at 58 East 68th Street, New York City, come our nation's Presidents, Secretaries of State, Secretaries of Commerce, Treasury, Defense, Health, Education, Welfare, etc., etc. Into its headquarters go Chiefs of State, Prime Ministers, Foreign Ministers, world leaders in the fields of politics, economics, sociology, religion, etc., etc. All to report to and receive approval of their policies from the "*Council on Foreign Relations*." CFR names from its membership list, or from membership lists of its many affiliate organizations, America's Administrative appointees, its Judges, the heads of its important Universities . . . *In short: CFR is the Invisible Government of the United States! . . . and moving us into the enslavement of their UN One World Government! ! !*

Is that what you want to see happen, my fellow-American? Well, you will see it happen, unless you do what I have long been pleading with you to do: get this story — this "*News-Bulletin*" and "*UN IS SPAWN OF THE ILLUMINATI*" — into the hands of all your friends and neighbors and then ALL of you write — *and never cease writing* — to your Representatives in both Houses of Congress and DEMAND, I repeat, DEMAND a thorough investigation of the CFR, of the UN and of every one of their stooges in Wash-

ington who are carrying out their orders and their directives. If it calls for impeachments of the traitors, *force* the House of Representatives to do the impeaching — and *force* the Senate to pronounce the punishments for their TREASON.

I have just one more point to add: As you may know, I have now reached an age when I am not concerned about my own personal future — the safety of our nation is my "future." Therefore, I am not pleading for myself, I probably won't be here to see our beloved Country go down the drain, but you will be — your children will be — **UNLESS YOU DO SOMETHING ABOUT IT NOW — not tomorrow, but NOW! ! !**

In our previous "News-Bulletin" No. 122, entitled "UN IS SPAWN OF THE ILLUMINATI," I printed an American Legion Post Resolution No. 191 passed at annual convention in Chicago July 31, 1966. I credited it as an individual Resolution passed by the Hinsdale (Illinois) Post. Actually, it is binding upon ALL American Legion Posts in the State of Illinois. THAT IS VERY IMPORTANT! ! ! *Please do your utmost to get the American Legion to follow that example in every State in the Nation — DITTO the VFW! ! !*

It may delight you to know that similar "Resolutions" have been passed by "*The Colorado Society of the Sons of the American Revolution*" at a convention in Denver, Colorado . . . also by "*We, The People*" in Chicago . . . also by the "*Women for Constitutional Government*" at a national convention in San Antonio, Texas on November 12, 1966.

Also very important, The Illinois Group was organized upon the principles and procedures outlined in Major Arch Roberts' book "VICTORY DENIED" — and since then, to date, the Illinois Group is one of about 14 Committees organized to FORCE investigation of UN Treaty agreements by the respective State Legislatures.

Of these state-centered efforts the Alabama program is the furthest advanced and New York is the newest addition.

A UN study by the Alabama Legislative Commission to Preserve the Peace is now completed and will be submitted to the Legislature in January, 1967. I firmly believe that, through the continuing lobbying of the Alabama Committee, specific State Statutes to enforce the provisions of the U.S. Constitution within the boun-

daries of the State of Alabama will be greatly inspired by this study.

It is up to the American Legion and the people in each and every State to follow the Alabama example — you CAN do it and it may prove to be the salvation of our nation! ! ! MCF.

P.S. The address of Major Arch Roberts, author of "VICTORY DENIED" is P. O. Box 986, Fort Collins, Colorado. You can get copies of his *invaluable* book by writing to him. Price is Paper bound Edition, 75 cents—Library Edition, \$3.95 . . . Also write to him for a copy of "A Petition To The Governor Of Illinois" — it will show you the proper procedure for a similar Petition to your Governor and Legislature.

CFR STOOGES IN GOVERNMENT

Never before in the history of America have we seen one sick and degenerate President allow so many REDS and One-World subversives, all working the CFR game, to move into positions of great power in every branch of the U.S. government. Loyal and responsible Americans have been excluded and discriminated against at every turn. There are very few jobs indeed left for loyal Americans in Washington, D. C. Our nation has never been in such grave danger of being betrayed by people in high public office. Because of this — *and because Congress closes its eyes to it* — we stand almost helpless, unable to fight against the CFR One-World Great Conspiracy?

The following is a *partial* list of the CFR stooges, practically all of them descendants of the original ILLUMINATI plotters — some have retained their original names, some have assumed other names for purpose of concealment:

- 1) Arthur Goldberg, a DOCUMENTED RED, U.S. Ambassador to the UN;
- 2) Morris B. Abram, U.S. Representative on the UN Commission for Human Rights;
- 3) Abe Fortas, U.S. Supreme Court Justice;
- 4) Nicholas Katzenbach, Under Secretary of State;
- 5)

Eugene Rostow, Under Secy. of State; 6) Walton Rostow, Special Presidential Aid; 7) Richard Goodwin, White House Speech writer; 8) Stephen N. Shulman, Chairman Equal Employment Commission; 9) Wilbur J. Cohen, Ass't. Secy. of Health Education and Welfare; 10) Sol M. Linowitz, (head of XEROX), Ambassador to Organization of American States; 11) Wm. M. Roth, U.S. Representative to European Economic Community; 12) Sheldon S. Cohen, Chief Internal Revenue Service; 13) Leonard H. Marx, Chief U.S. Information Agency; 14) Manuel Cohen, Chairman Securities and Exchange Commission; 15) Philip N. Brownstein, FHA Money Lending Commissioner; 16) Jack Moskowitz, Ass't. Secy. of Defense for Civil Rights; 17) Paul Kaplowitz, Chairman Tariff Commission; 18) Frank Mankiewicz, Chief of Peace Corps in Latin America; 19) Jack Rosenthal, Public Information Officer for the Justice Dept. — plus thousands of others in positions of power at all the lower ranks of government, too numerous to list here . . . Now you know why we must FORCE Congress to ACT?
